“We are connecting rigorous academic standards, meaningful assessments, engaging learning opportunities, excellent educators, for the success of our students.”

February 10th, 2015

Dear Students, Parents, Staff, and Community,

Thank you for all your support with our building project! Last Friday, we celebrated the successful completion of our facilities improvement project. We cut the ribbon to our new Science, Math, and VoAg building and invited everyone to join us for refreshments and tours of the new facilities.

After roughly 13 years of conversations, brainstorming, bond elections, grants, and saving, we did it! This effort sustained through past superintendents, school boards, and staff members for more than a dozen years! Today, we are very proud to have accomplished this dream!

If you missed the ribbon cutting, but would still like a tour of the new facilities, please contact me. I'll be glad to show you around campus.

Respectfully,

Scott Cooper, Ed.D.
Dolores School District Superintendent
