

NOTE: Districts are not legally obligated to implement a concurrent enrollment program, nor are districts required to adopt a regulation on this subject. Some content in this sample reflects legal requirements school districts must follow under the Concurrent Enrollment Programs Act, C.R.S. 22-35-101 et seq. This sample contains the content/language that CASB believes best meets the intent of the law. However, the district should consult with its own legal counsel to determine appropriate language that meets local circumstances and needs.

Concurrent Enrollment

(Procedure for students seeking to enroll in postsecondary courses)

1. Academic plan of study

The qualified student shall establish, in consultation with the Principal or designee, an academic plan of study that describes all of the courses (including postsecondary courses) the student intends to complete to satisfy the Board's high school graduation requirements. Prior to the qualified student's enrollment in a postsecondary course, the Principal or designee shall review and approve the student's academic plan of study in accordance with applicable State Board of Education rules.

2. Application

The qualified student shall complete the district's concurrent enrollment application form and submit it to the Principal or designee at least 60 days prior to the end of the academic term immediately preceding the term of the student's proposed enrollment in a postsecondary course. The requested postsecondary course(s) on the student's application shall be consistent with the student's approved academic plan of study. The Principal or designee may waive the 60 day requirement at his or her discretion.

The Principal or designee shall approve or disapprove the student's application in accordance with this regulation's accompanying policy and the priority requirements of the Concurrent Enrollment Programs Act. The Principal or designee shall notify the student of the decision, which shall be final.
